

Lake Keowee
Labradoodles
Puppy Allocation Process

LAKE KEOWEE'S DOODLE FIT IS FOR THE OPTIMUM FIT BETWEEN THE LAKE KEOWEE PUPPY AND ITS "FOREVER HOME"! ALL DOGS ARE FAMILY – LAKE KEOWEE AUSTRALIAN LABRADOODLES ARE FAMILY.

I understand that Lake Keowee Australian Labradoodle puppies are not made in a factory but left to the chance of Mother Nature and God. We cannot produce Lake Keowee ALD puppies by custom order. My list of preferences may or may not be met within a particular litter. I also understand that temperament is most important to Lake Keowee Australian Labradoodles when matching Lake Keowee puppies to families rather than physical traits. Lake Keowee Labradoodles understands that when purchasing a puppy, it is desirable to state some preferences about the puppy. Lake Keowee Labradoodles recommends "Lake Keowee's" based upon the information within the application and results of temperament and personality evaluations "Lake Keowee Doodle Fit" usually performed at (+or-) 6 weeks of age. Lake Keowee will allow puppy choice based on a first deposit, first choice basis.

I understand that Lake Keowee reserves the right to hold back any puppy from any litter for breeding purposes.
